flexeserve Zone®

flexible
hot merchandising
in one cabinet

1 Unique heated multideck, allowing flexible merchandising in one cabinet, with individually controlled temperature zones, using hot air convection or surface conduction.

2 With easy user operation a system set up configuration can be designed for each of your products to maximise product quality and display times.

3 Reduces waste by ensuring the display quantities reflect daily shopping trends ... turn off zones in quieter trading times, or utilise the cabinet's greater merchandising capacity.

- 4**
- Reduced product waste due to longer display times.
 - Reduced waste due to better product quality.
 - Reduced energy consumption due to flexible zone efficiencies - only use power required.
 - LED lighting.

FLEXESERVE ZONE® 4 TIER

HEIGHT	1865mm
WIDTHS	560mm* 770mm* 1020mm*
DEPTH	865mm

FLEXESERVE ZONE® 3 TIER

HEIGHT	1512mm
WIDTHS	560mm* 770mm* 1020mm*
DEPTH	865mm
